CHANGING LIVES ONE GIFT AT A TIME!

Frequently Asked Questions:

1) What exactly is this program?

This is a perpetual cash-leveraging activity. By definition to “leverage something” means “to use it to its maximum advantage.” The rich continue to become richer because they understand this concept. Thanks to this simple “pay-it-forward” activity, average people have the same opportunity afforded to them.

2) How does this activity work?

Individuals share using a fundamental concept that “all things must be done in order”. The Universal Law of Sowing and Reaping tells us that when you give, you shall receive. This follows God’s Law of Reciprocity. “Give, and it will be given unto you.” This activity is offered by means of a private one-to-one invitation. When someone accepts the invitation, they move through the natural progression from the giving stage to the receiving stage. In this person-to-person activity, there is no hierarchy of individuals, and this prevents ANYONE from having an advantageous position or unfair advantage over new participants.

3) How do people generate money in this activity?

Thousands of people every day are looking for a way to generate money from home (just like you). They answer one of our many internet, newspaper, or magazine ads. These people are actually waiting for us to return their calls. We simply take two minutes and invite them to our Freedom200.com website that explains everything on our behalf.

4) What is the product?

There is no product. It is estimated that 97% of people that start a home-based venture fail because they cannot market their product effectively, and either hate to sell, or simply cannot sell. Again, we do NOT sell anything. People either understand the concept or they do not.

5) If there is no product, what am I getting if I join the activity?

Everyone who joins this activity acknowledges that they are “paying it forward”, and are giving a gift without expectation of anything in return. Essentially, by getting started with

the activity, you are giving yourself the true gift of time and financial freedom. That being said, you get access to a platform where you can generate as much money as you like for as long as you like. The proprietary software tracks everything for you. All of our websites, training and LIVE member support calls are already in place for your benefit and for the benefit of your guests.

6) It sounds too good to be true. Is it?

No. Giving opens the door to receiving.

7) Who is this activity for?

This is for anyone looking for a way to generate money from home with no selling, explaining or convincing. If you WANT to sell a product or service and compete with the millions of others on the internet, this activity is NOT for you. Can you see yourself simply directing someone to a 5 page website that does all of the explaining for you?

8) Do I have to be a good salesperson to be successful?

No, not at all. Most sales people bring their sales skills to this activity and tend to do worse than others. Again, we do NOT sell anything. We simply direct people to information that gives them a true financial lifeline. It's up to them to take hold of it.

9) Does everyone that I direct to the website join?

No, but many do. Some prefer to start an expensive franchise, sell products, conduct meetings, recruit people or keep their 9-5 jobs; sadly, some choose to stay unemployed and broke! The wonderful thing about this simple system is that people who understand the concept KNOW that this is for them, and we never have to convince anyone to get started. We simply help them learn about something that is life-changing and allow them to make the right choice for themselves.

10) How much money can I really generate with this activity?

Your results depend on your efforts. The more people you direct to our 5 page website, the more money you will receive. Many people generate \$4,000 or more in their first 1-3 weeks.

11) Is this a pyramid, Ponzi scheme, or internet scam?

Absolutely not. Firstly, a pyramid structure is associated with a company or a business, which we are not. We do not sell positions, we do not invest, and we do not have a structure with an ever-widening base. A pyramid never allows anyone coming in at the bottom to ever reach the success level of those at the top. Additionally, a pyramid has a triangular shape and since all gift lines are separate individual lines that vertically run straight up and down and do not intersect they cannot form a pyramid.

Ponzi schemes are illegal investment schemes which make promises of huge returns, where really the only increase comes from new joining members, which is paid out under the guise of “returns” to multiple members who joined before them, spread across many levels. In reality, there is no real return on investment, and as such these schemes are fraudulent, and usually crumble within a short period of time.

With our activity, we do not invest. Everyone voluntarily gives a one-time gift, working together in a voluntary team dynamic, and by sharing the system with others, receives the same amount they gave multiple times over as a gift/pledge. There is no advantageous position, and in fact, this activity is the only fair and level playing field with every participant having the same unlimited potential to receive.

12) Is this Network Marketing or MLM?

Although Network Marketing and Multi-Level Marketing (MLM) are legal and viable sources of earning income, they usually have a pyramidal structure. Have you, or anyone you know, been able to start at the entry level, the bottom of the MLM company, and reach the top earning position in the company? Not likely. Huge success is almost always reserved for the early joiners and “heavy hitters,” by nature of the plan.

In contrast, by simply saying YES to yourself and this activity, you have immediate potential to receive as much money as ANYONE who has EVER been a part of this activity and we have individuals who have achieved ASTOUNDING results and continue to do so!

13) Will I need any money to join?

Yes. Our single \$200 level of participation is affordable for most. Our 5 page website explains how to turn a one-time \$200 gift into multiples of this amount over and over again... to infinity!

14) “But I’m broke...”

That can’t be fun, and it’s certainly NOT what you deserve! But we have GOOD NEWS, because you are in the right place for a complete turn-around! Being broke should never be an excuse NOT to take action. Instead, it should be a huge motivator for you!

Realize that many people who have found success with this activity started with next to nothing in their bank accounts. This entire system is based upon giving a hand up to those who have a strong desire to become financially free. There are various options you can consider where you do NOT have to use your own money. Don’t allow excuses to hold you back from your full potential.

15) I’ve never done anything like this before. Is there any training or support provided for newcomers?

Absolutely. We have LIVE training each week at 12 Noon Eastern. This is completely unheard of in the home-based industry.

16) After learning how this works via the 5 page website, can I expect my inviter to call me back and convince me to join?

Absolutely not. We do NOT chase anyone in this activity, and YOU will not either. This is exactly what separates us from every other home-based program. You may receive a courtesy call to offer help, but this is not guaranteed, so do NOT under any circumstances lose the phone number of your inviter. You may never have this opportunity again!

17) I can't seem to find an explanation of the terms "Confirmed" and "Qualified". Can you explain?

When your gift is received, you are then "confirmed" in the back office by the person who received the gift. If you've paid your hosting fee, you can then immediately log into your back office and get started! When your first person joins, and he/she is confirmed, you are then "qualified." We call this person your "Qualifier." You must "qualify" before you can start receiving gifts.

18) Are there any recurring fees after I join?

There is a nominal web hosting fee that must be paid (currently just \$120 annually; that's only \$10.00 per month!). This gives you access to this website as well as access to your "back office" so you can track all of your \$200 gift lines with our proprietary software.

19) I have invited 3 people, but the system will not let them enroll! What is going on?

Here is what needs to be done:

1. Be sure you have paid your hosting fee.
2. Be sure you are now showing as "confirmed" in your back office, which your inviter must do for you.
3. If you have invited someone (your qualifier) they MUST be confirmed or deleted by your inviter before you can invite anyone else.
4. You must be qualified before you can invite a SECOND person. When the gift from the FIRST person you invite is received and is confirmed, you are qualified and starting with the SECOND person you invite you can enroll your other new members and receive all the cash.
5. If you're still having problems, contact your inviter.

20) When a new member invites his first person as a qualifier, this person is passed to his inviter; can the new member then immediately build his own future gift lines and receive gifts?

Yes. When a new member is first person qualified, he or she may then immediately build their own \$200 gift lines and receive gifts for life- starting with their second person.

21) I have more questions after reviewing the 5 page website. What should I do?

Contact your inviter. They can help you get all the answers you need, and we will even answer your guests' questions FOR you!

22) I'm ready. What is my next step?

Contact the person who sent you to this website. Registration is a very quick and simple process. Your inviter can answer any further questions and he or she will show you how to make the most of this amazing activity so you and your family can start living the life you envision!
