Remember, this is a PROVEN system!

This incredible, revolutionary 1-up cash flow system focuses on people helping people. If you have been searching for a unique system that really works, you have finally found it. If you are looking for a financial breakthrough in your life, then you came to the right place!

With this ingenious system, you can immediately and dramatically change your financial situation. Our system is simple and based upon the power of one! This activity is internet-based and automated with a customized computer software program. The tracking and placement of all participants within this structure are handled for you automatically. All you need is your system-generated invitation code.

Here's how this simple system works: First, YOU decide to join as a member of our "private, invitation-only" activity. You log into the website and register. Upon joining, you will be presented with options to pay the nominal annual fee for your hosting and personal online tracking software.

You are then automatically and instantly notified via email with your ID#, invitation code, and specific information as to whom you should contact and give your gift. From this point on, YOU are now the person in control of your financial destiny.

Here is where you start the domino effect to create your personal financial freedom. You invite your first person to participate. This first-person goes up to your inviter and is called your "qualifier". Every single person you invite after that goes 100% directly to you! The software automatically tracks it all for you, freeing you up to focus on spreading the word about this amazing system.

This 1-up concept is a pay-it-forward system. There are NO BOARDS to fill, NO MATRIXES to split or stall and NO BINARIES to balance. The 1-up structure is superior, and mathematically outperforms ANY other program in existence! It may be hard to grasp this structure the first time, so be sure to refer to "Your Gift Lines" for an easy-to-understand review of the fundamental concepts behind this revolutionary system.

Here's where you can begin to VISUALIZE the steady stream of cash that's generated by this powerful system!

Just figure it out for yourself how the 1-up will dramatically change your life. Write out the strategy of everyone you invite into the system successfully inviting just one new person, who is passed directly to you. Now calculate this out for 3 months, 6 months, or a year, considering their first-person comes directly to you... and they're first-person... and they're first-person... It's real, it's simple, and it's life-changing!

Do you think you could do this? Absolutely YOU can! In fact, some people are successfully inviting one or two new people every day, or every other day. When you realize that YOU are immediately receiving 100% of all financial gifts from every person you invite (after your first-person) and that you also receive the first person that your new members invite, you won't be able to sleep tonight! This is the power of leverage – exponential growth to infinity!
